(Update on disclosed matter) Notice Regarding the Recording of Gain on investments in investment partnerships (Extraordinary Income)

We hereby announce that we will record gain on investments in investment partnerships (extraordinary income) for the fourth quarter of the fiscal year ending March 31, 2026, as detailed below.

1. Details of extraordinary income

Regarding the "Notice Regarding Revision of Earnings Forecast" published on February 13, 2026, we announced that we expected to record extraordinary income as a result of the management of the investment limited partnership in which we have invested. We received a notification of the final distribution amount from the investment limited partnership. We have determined the amount to be recorded as extraordinary income for a portion of the amount has been finalized.

2. Extraordinary profits recorded

For the fourth quarter of the fiscal year ending March 2026, we will record extraordinary income of 879 million yen from gain on investments in investment partnerships.

3. Impact on our consolidated financial results

The recording of the above extraordinary income has been included in the full-year consolidated earnings forecast for the fiscal year ending March 31, 2026, which was announced on February 13, 2026, and there are no changes to the full-year consolidated earnings forecast.
